## To Consider

As a student, you will be experiencing a powerful group journey together. We honour the yogic principles to create harmony and flow within the group.

Our values underpin the flavour of the atmosphere that we create at Unity. Please read through these on our '[Core Values](#)' section and feel if this is in harmony with what you are looking for.

In addition to the internal and external assessment, the student is also assessed informally throughout the course in practical application, in addition to theoretical input and general conduct.
